Topic: LDC Meeting – April 27, 2025

The meeting was called to order at 8:00pm ET:

Welcome and roll call

Reports:

Chair – Catherine

- Please submit all considerations for rule changes to Jim prior to April 27th as LDC rules packets need to be submitted by June 10, 2025. Thanks to Jim and Christie for putting together the LDC packet.

Vice Chair – Dave

VP Operations – Robin Smith: Intro to the group

- Report from the board: communication sessions with the zones

USMS Office – Jay Eckert

- OWNC in Sarasota was a success from my perspective. 233 total swimmers. 189 1-mile and 153 5K entries. Thank you to Catherine and John for all the help! Some things we could improve upon, but all parties (Sharks, USA Swimming, USA-S Foundation, Benderson Park) were pleased with the outcome. We are already looking at dates for next year and I'm confident we can make it a much bigger event with more time to promote. Catherine, can we talk this week about bids and plans for next year?
- Caps, medals, banners, partner items, etc. will be shipped soon for the Cable and Ultramarathon OWNCs.
- 5K/10K entries will be opening this week.
- We'll get All-Stars posted ASAP along with the gifts shipped. Sorry, that fell through the cracks with staffing changes on our end.
- Great to see many of you in Sarasota and San Antonio recently. Congrats to TOC and Phyllis for winning the Spring Nationals team title!

Open Water – David Miner

- 29 sanctioned events for the year, about on-par for this point in the year.
- One totally new event for 2025.
- Interesting events for the year: North Carolina (various short/sprint distances). Fontana, WI, Swim of Legends, eight miles.

Committees:

Open Water – Dave

- Positive discussion on how to incentivize hosts to bid on national events.
- Asking the committee to look at current events, former event hosts, and possible future event hosts to have more events that could possibly fit.

Open Water Safety – John F

Rules – Jim (see pages 5-6)

PARA – Jim: make sure event results are posted together with USMS IDs

Procedures and Documents – Nicki

Virtual Championships – Catherine

- Catherine sent out data about the swimmers in the 5k/10k virtual events, possibly shortening the window in 2026, then re-evaluate. Committee agreed to pilot in 2026 for the 5K/10K to run 6/15/26 – 9/15/26

Liaisons:

Sarasota 1m & 5K –

Jay, Catherine – The USMS and USA Swimming partnership for the events was very successful. Swimmers comments were positive. The event with the help of USA swimming was professional. Phyllis commented on possibility for next event to make sure there is a warm up area.

Cable Swims 1m & 2m – Nicki

- 128 entrants (event is May 31)

Ultramarathon – Dave

- There is a waiting list that is now allowing new entrants.
- Awaiting final permits

New Business:

Set up committee for evaluating and selecting recipients of the Open Water and Long Distance Championship Awards.

Committee Members: Dave, Phyllis, Nicki and Stephen

~~307.3 Site Selection~~

~~The manner of site selection for national championships shall be at the discretion of the Long Distance Committee and shall depend upon the championship structure chosen under article 307.2. Should a bidding system be selected, it shall be accomplished in the following manner:~~

~~**307.3.1** — Suitable bids shall comply with all applicable USMS swimming and open water and long distance rules, policies, and procedures.~~

~~**307.3.2** — All bids shall be submitted to the chair of the Long Distance Committee no later than July 1. If no timely suitable bid is received, the committee shall continue to solicit bids.~~

~~**307.3.3** — Championships shall be awarded by the Long Distance Committee one to three years in advance of the national championship event.~~

~~**307.3.4** — A three-area award system may be followed for the bidding of open water championships (see Appendix D for map and description of areas). In this system, suitable bids from a qualifying area shall receive preference over bids from other areas.~~

National Championship Bid Rotation

(see article 307.2.2 for distance definitions)			
Year	Area 1 West	Area 2 Central	Area 3 East
2023	Sprint Distance Long Distance Festival	Middle Distance Ultramarathon Distance	2 Mile Cable Marathon Distance
2024	2 Mile Cable Marathon Distance	Sprint Distance Long Distance Festival	Middle Distance Ultramarathon Distance
2025	Middle Distance Ultramarathon Distance	2 Mile Cable Marathon Distance	Sprint Distance Long Distance Festival

Rationale: USMS has seen a decline in the number of hosts for open water national championships making adherence to the bid rotation impossible. Therefore, site selection should be viewed as a process executed by the LDC and removed as a rule that is not enforced. Renumber the remainder of Article 307.

Appendix: Long Distance Rules Proposals for 2025

The guide shall contain the governing policies, management of rules, and links to education applying to open water swims.~~

~~301.2.2 Virtual Guide to Operations—The Long Distance Committee shall develop and maintain a guide for conducting virtual events. The guide shall contain the manner of implementation, governing policies, and management of the rules applying to virtual swims.~~

Committee Action: Recommended for Adoption

HOD Action:	Adopted	Adopted as Amended	Defeated
--------------------	---------	--------------------	----------

303.4 Swimwear for Open Water Events

Swimwear allowed for open water events is defined below. It is the swimmer's responsibility to understand the appropriate swimwear allowed at a particular event. **Swimwear requirements for an event shall be included in the event information.**

Rationale: Swimmers must be informed of the swimwear requirements for an event. The event information needs to give the requirements.

LD-4, 303.5.1 Long Distance Committee p. 74 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

303.5.1 ~~When practical, swimmers shall be seeded by their 1500 meters/1650 yards times.~~ The manner of seeding swimmers ~~without times~~ shall be at the discretion of the event host and stated in the event information.

HOD Action: Adopted Adopted as Amended Defeated

306.6.3 When a final time has been submitted to the nearest second, 0.99 second shall be added to the time submitted and becomes the official time. When a final time has been submitted to the nearest tenth of a second, 0.09 second shall be added to the time submitted and becomes the official time.

that the Long Distance Committee Chair refuse to accept, or disqualify, any entry that appears to contain erroneous information. For USMS National championships the USMS National Office in conjunction with the Long Distance Committee shall investigate and rule on issues regarding any entry.

Rationale: Identifies the different paths for resolving questions on results. One for non-championship events and one for USMS national championships.

LD-7, 307.2.2 Long Distance Committee p. 81 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

Open water national championships shall be awarded at the discretion of the Long Distance Committee. A minimum of three different championships shall be awarded each year. Championships with the names below shall conform to the distances given below:

Rationale: Gives the LDC the latitude to identify the open water events for a particular year. It specifies that at least three open events will be held each year. This leaves the criteria for All-Americans intact. It also preserves the character of the current open water event definitions while allowing the LDC the ability to identify other events.

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

~~307.3 Site Selection~~

~~The manner of site selection for national championships shall be at the discretion of the Long Distance Committee and shall depend upon the championship structure chosen under article 307.2. Should a bidding system be selected, it shall be accomplished in the following manner:~~

~~**307.3.1** Suitable bids shall comply with all applicable USMS swimming and open water and long distance rules, policies, and procedures.~~

~~**307.3.2** All bids shall be submitted to the chair of the Long Distance Committee no later than July 1. If no timely suitable bid is received, the committee shall continue to solicit bids.~~

~~307.3.3~~—Championships shall be awarded by the Long Distance Committee one to three years in advance of the national championship event.

~~307.3.4~~—A three-area award system may be followed for the bidding of open water championships (see Appendix D for map and description of areas). In this system, suitable bids from a qualifying area shall receive preference over bids from other areas.

National Championship Bid Rotation (see article 307.2.2 for distance definitions)			
Year	Area 1 West	Area 2 Central	Area 3 East
2023	Sprint Distance Long Distance Festival	Middle Distance Ultramarathon Distance	2 Mile Cable Marathon Distance
2024	2 Mile Cable Marathon Distance	Sprint Distance Long Distance Festival	Middle Distance Ultramarathon Distance
2025	Middle Distance Ultramarathon Distance	2 Mile Cable Marathon Distance	Sprint Distance Long Distance Festival

Rationale: USMS has seen a decline in the number of hosts for open water national championships making adherence to the bid rotation impossible. Therefore, site selection should be viewed as a process executed by the LDC and removed as a rule that is not enforced. Renumber the remainder of Article 307.

- C. A fee per individual entrant in the championship swim (or a fee per individual entrant in each championship swim in an event with multiple championship swims), ~~and a performance bond shall be determined by the Long Distance Committee and paid to USMS. All or a portion of the performance bond shall be returned to the host organization, based upon compliance with the conditions set forth in the event contract.~~
- D. Any other costs that may be reflected in national championship event contracts.

Rationale: The performance bond is no longer required.

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

307.7.8 Protests

- A. Any protest arising from an open water championship swim shall be made to the referee within 30 minutes after the release of results at the venue. If results are not released in a timely manner, a protest may be made to the event director in writing within three days after all swimmers are notified of the release of results. **After receipt of a protest, the referee or event director shall have seven days to reply. If the protest is denied by the referee or event director the swimmer will have seven days to appeal in writing to the Long-Distance Committee Chair. The Long-Distance Committee Chair will have seven days to reply.** If the protest is not resolved, the protester may appeal in writing promptly to the Long Distance Committee chair. **Protests against judgment decisions regarding the start, missing a course turn, failure to achieve a cutoff time, or the finish of a race can only be considered by the referee, and the referee's decision shall be final and may not be appealed.**

Rationale: Clarifies times allowed for the event director and LDC Chair to respond to protests. Also, adds restrictions on which judgements made during the race may only be protested to the referee. This is similar to language in 102.14.3.

- B** Any protest arising from a virtual championship swim shall be made to the ~~event director~~ **Long Distance Committee Chair** in writing within three days after all swimmers are notified of the release of preliminary results or amendments to the preliminary results. ~~If the protest is not resolved, the protester may appeal in writing promptly to the Long Distance Committee chair.~~ **The final decision for any protest will be determined by the Long Distance Committee Chair. After receipt of a protest, the Long Distance Committee Chair shall have seven days to reply.**

Rationale: Changes the authority for resolving protests in virtual events to the LDC Chair and gives the required response time.

- C** **Protests of eligibility to compete in a gender category shall be considered by the Rules Committee in accordance with USMS policy guidelines regarding eligibility of transgender athletes. Athletes shall be permitted to compete in the gender category that corresponds to their USMS registration pending a decision by the Rules Committee.**

Rationale: Adds language similar to that in 102.14.6.

LD-12, 307.8.1, 307.8.2, 307.8.1 C Long Distance Committee p. 84 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

307.8.1 Individual results shall be tabulated electronically by gender and age group in order of finish. ~~Women's results shall be shown first, followed by men's results.~~ As a minimum, the following information shall be reported for each swimmer:

307.8.2 Relay results shall be tabulated electronically by gender and age group in order of finish. ~~Women's results shall be shown first, followed by men's results, then mixed gender relays last.~~ As a minimum, the following information shall be reported for each relay team:

Rationale: The order of presentation of results need not be the subject of a rule.

- 307.8.1 A** Age group.
- B. Age group place.
 - C. Swimmer's name ~~(as it appears on the USMS membership card).~~
 - D. Age.
 - E. Club (official USMS club abbreviation).
 - F. USMS number.
 - G. Official time/distance or disqualified.
 - H. Whether the time or distance is a USMS record.

Rationale: A swimmer's name can be displayed without regard to how it is shown on the swimmer's membership card. Any ambiguity arising from similar names can be resolved by the swimmer's USMS number. Differentiating between how similar names are presented in the results (e.g., adding a middle initial) can be considered process.

Rationale: The order of presentation of results need not be the subject of a rule.

LD-13 307.9.3 Long Distance Committee p. 85 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

~~**307.9.3 Divisions**—Up to four divisions may be recognized for club scoring based on the number of swimmers entered from each club in the event. The number of entrants from a club that shall constitute division I (very large), division II (large), division III (medium), and division IV (small) shall be determined by the Long Distance Committee chair and the event host after the event entry deadline.~~

Rationale: This is not a rule but rather guidance on preparing and presenting club scores. If and how divisions are created varies from event to event and should be left to the discretion of the National Office.

LD-14, 307.10.4 Long Distance Committee p. 86 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

~~**307.10.4** Appropriate awards approved by the Long Distance Committee chair may be awarded to the first, second, and third place club winners in each division if warranted by the size of the event entry. Club awards are not required.~~

Rationale: This is not a rule. The LDC can develop procedures for making awards.

LD-15, 307.11.3 Long Distance Committee p. 86 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

~~307.11.3 The event host shall submit the name, age, date of birth, club affiliation, time or distance, and USMS membership number for each competitor achieving All-American status to the Long Distance Committee chair.~~

Rationale: It is not necessary to burden the host with creation of an All-Americans list for their event. The information is readily available to the LDC and can be compiled by the LDC for inclusion in the annual All-Americans list.

LD-16, 307.12.2 Long Distance Committee p. 86 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

307.12.2 To be eligible for the All-Star Team, a USMS member shall legally complete at least three **national championship** events, of which at least one shall be an open water **national championship event** and at least one shall be a virtual ~~event~~ **national championship**. Cancellation of an open water championship shall not relieve the requirement of completing an open water event to qualify for the All-Star Team.

Rationale: Clarifies that national championship swims are required to qualify for All-Star Status.

LD-17, 308.1.4 B, C Long Distance Committee p. 87 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

308.1.4 Timing for Records

- A. Record times shall be listed in hundredths of a second (two decimal places). If times are tied to the hundredth of a second, the results shall be declared a tie and records should be shared by all swimmers thus tied.
- B. When a record attempt has been timed to the nearest second, 0.99 second shall be added to the time submitted **and becomes the official time**. When a record attempt has been timed to the nearest tenth of a second, 0.09 second shall be added to the time submitted **and becomes the official time**.

C. When times are adjusted, the adjusted times are the official times and must be less than the current record to establish a new record.

Rationale: Adjusted times are the official times. To establish a new record, an official time is required.

LD-18, 308.1.5 D Long Distance Committee p. 87 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

308.1.5 Cable Swims

- A. Cable swim records may be made only in stationary, fresh water. No cable swim records will be recognized in any kind of sea or ocean water.
- B. The official time for establishing records shall be achieved and determined in accordance with articles 303.7.1A and 303.7.4.
- C. Swimmers must wear category I swimwear as defined in article 303.4.2 to be eligible for USMS records.
- D. USMS records for cable swims may not be established by using a swimmer's split time in an individual event. **Swimmers applying for a cable swim record must submit a copy of the application for a Cable Event Record to the Long Distance Committee Chair.**

Rationale: Adds the documentation required for applying for a cable event record.

LD-19, 308.1.6 D 3, 308.1.6 E 3 Long Distance Committee p. 87, 88 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated

- D** An individual may use the split time in one long distance pool event to establish a USMS record in a different long distance pool event if:
- (1) The split is swum as an initial distance within an event.
 - (2) The swimmer completes the full distance or time of the sanctioned event.
 - (3) **For events other than virtual national championships, the** ~~The~~ intent to record a split time is brought to the attention, in writing, of the event director at the time of entry in the longer event, and
 - (4) A stopwatch or electronic timing system is used to record the record split in accordance with article 306.6.

E An individual may use the split time in one long distance pool event to establish a USMS record in a different long distance pool event if:

- (1) The split is swum as an initial distance within an event.
- (2) The swimmer completes the full distance or time of the sanctioned event.
- (3) **For events other than virtual national championships, the** ~~The~~ intent to record a split time is brought to the attention, in writing, of the event director at the time of entry in the longer event, and
- (4) A stopwatch or electronic timing system is used to record the record split in accordance with article 306.6.

Rationale: Since there is no event host on site for virtual championships, this eliminates the requirement to notify the host of an attempt to use a split time during a virtual national championship to set a USMS record.

LDHK 1: 307.2.2 A-F Long Distance Committee p. 81 Modify

Committee Action: Recommended for Adoption

HOD Action: Adopted Adopted as Amended Defeated
